Reports from Trustees:

Trustee Mares reported on up-coming events with the Parks & Recreations program. He extended his wishes for all to have a great Memorial Day weekend.

Trustee Schimel updated us with the on-going plague of foreclosures. His good news was that over the last two to two and a half weeks many foreclosed homes are actually moving. They are going for very low prices. He felt we were doing far better in home sales in comparison to adjoining communities. He hoped that home sales for homes not involved with foreclosures would also sell.

Fire Chief Larry Meyer reported that all the hydrant flushing has been completed. He advised us that the fire department trenching drills have ended. He asked if a letter with a reimbursement of \$9358.93 from the State of Illinois has arrived. There was notice sent to him that the fire department would get a fraction of their original outlay of money towards training of the firemen.

Police Chief Joe Kretch alerted us to the reincarnation of the Police Bike Patrol. In addition he provided insight to a new dedicated Police Department web site. This web site will provide a brief biography for each police officer such as where they come from, their background and their education.

A woman in the audience questioned the safety of the police officers when giving their personal information on a web site. Chief Kretch explained that the information would not be that personal. It would give facts such as their background, and where they were trained.

The Chief continued to explain that many of the officers are very well educated with significant certifications.

Kurt Kasnicka, the Village Treasurer, gave his report. He reminded us that the Village Hall is closed on Memorial Day, May 25. He then presented a fine, framed number one vehicle sticker to President Daniel O'Reilly. Treasurer Kasnicka then gave the pertinent information of the sale dates and when the extended hours would be.

Fire Chief Meyer reminded us of the May 24th Combined Veteran's Parade that will be in Stickney.

Village Supervisor of Public Works and the Water Department, Joe Lopez, announced that there will be no pick-up services on Monday. All the regular services will be delayed by one day.

Joe Lopez the introduced Mr. Thomas Jennings of the Department of Agriculture. Mr. Jennings gave an informative presentation on the Emerald Ash Borer. There were several questions from the audience. The speaker brought an assortment of handouts. We learned that the Stickney Library is presenting a pilot program on the subject of the Emerald Ash Borer.

Our Village engineer, Tim Geary of Frank Novotny Engineers, gave us a status report on the construction of the streets and sewers. He expected the current project to be complete by the end of July.

Trustee Mares requested that people be aware that he is looking for volunteers to help with the recreation program. Trustee Lazansky questioned if this would satisfy community service hours for our youth. President O'Reilly had already questioned Ordinance Officer Torres and he learned that volunteering could be used toward community service hours.

Trustee Lazansky thanked Police Chief Kretch for sending a police representative to Riverside to observe his son receiving the Police Patrolman of the year award.

Audience questions.

Pat of 6543 41st wanted to know if we could provide larger recycling bins with a cover.

Penny Gibas wanted to know about handicap ramp standards/safety within the Village.

Alice Voyjek questioned an advertised event at LaFuentes Restaurant on May 24.

Trustee Schimel questioned the audience on whether they had heard just how much our Village would see in the proposed property tax reduction.

Will be updated w/ addresses
