PRESIDENT REPORT: President O'Reilly remarked that at the last board meeting we had a few statements made from audience members. One statement came from Penelope Gibas stating that the police department sent out an e-mail message about a possible abduction at one of our schools. This was false. We did not send any e-mails out. There was a Nixle report for an unconfirmed possible abduction that was happening in neighboring towns. So, Stickney did not send any e-mails out. Another statement came from Bea Callahan that the board meeting agenda was not posted on the web site. That again was false. It was in fact on the web site. Jim Lazansky made a statement that the newly purchased Sokol property was unsafe and had numerous electrical problems. That was false and unfounded. President O'Reilly then provided his wish to all for a Happy and Safe Thanksgiving. He asked that we keep our service men and women serving away from their homes this Thanksgiving in our thoughts and prayers.

CLERKS REPORT: Audrey McAdams reported on a question posed to her prior to the start of the meeting. Doris Helebrandt questioned her about a solicitor named Spark Electric that is going door-to-door. She wanted some background information on this company. She remarked that they wanted to see a copy of her electric bill. The clerk gave an explanation about this particular company. This company received a permit from the village to do solicitation as far back as August. They do go through

a strenuous amount of information in order to get this permit. Every person involved in doing the solicitation has to allow us to make a copy of their state photo ID. There is an extensive questionnaire that they must fill out. She explained that Victoria in the front office is the person who handles these requests. The solicitor is also given information from us such as: A copy of our ordinance that provided our rules on solicitations and they are given a list of addresses that do not want solicitations. The solicitors are not to bother any of the people at these addresses. If they do and the people complain to the village, the permit will be pulled. In order to check on whether Spark Electric is giving you a good deal, the clerk recommended that people could go to www.pluginillinois.org to find comparisons for the various electric companies in Illinois. People can then look for other hidden charges that are listed at this site. Perhaps there are no hidden charges. It was suggested that people do their homework. People need to be wise consumers.

TRUSTEE REPORTS: Trustee Mares reported that the Sokol building construction is coming along smoothly. He is looking forward to opening it up for the spring when we could use it for a lot of different events and activities.

Trustee Schimel informed us of Property Tax Outreach program that will be on December 5, 2011 at 10:00 a.m. at the Stickney Township North Clinic located at 6721 W. 40th Street. The Cook County Assessor's office will be there to provide help for homeowners to have the Cook County Board of Review evaluate the appraisal of their property. He suggested that people bring their recent property tax bill and also a copy of their new assessment. He felt that people need to do a little effort in filing this appeal. He suggested that people should compare your house with a few recent sales around you. He recommended that people could go to a major realtor in this area and ask to appraise your house and bring that information with you. This way you can win your appeal. Having the Board of Review doesn't happen too often.

Trustee Walik thanked everyone for the donations for our troops. The donations were taken in on the previous Saturday. There was over 1,000 pounds. He then extended a Happy Thanksgiving to all.

Trustee White wished all a happy, healthy and safe Thanksgiving.

Trustee Zeedyk gave the police report for the month of October
Total number of calls for service: 1,751; Total number of E911 calls: 421;
Arrests by type: Traffic: 197; Village Ordinance Offences: 27; Warrants and Complaints: 13; Parking violations: 180; Total number of arrests/citations issued: 417; Total number of squad miles: 15,217; Total amount of gasoline used: 1,342; Average gas mileage per squad: 11.339046 mpg
Ordinance Control Activity for the month of October 2011.
Ordinance investigations: 391; Business license investigations: 3;
Violation notices issued: 25; Miscellaneous details: 184; S.L.O. tickets: 6; Parking citations: 117

In addition, Trustee Zeedyk questioned the village president if a text message or an e-mail was ever sent out prior to the November 7, Special Session meeting. President O'Reilly informed him that the notice was in your mailbox five days prior to the meeting.

DEPARTMENT REPORTS: Public Works Supervisor Joe Lopez reported that public works will be off on Thanksgiving and the day after. He told us if your regular scheduled pick up for recycling is on Thursday, the recycling will be picked up the day before the holiday on Wednesday, November 23. In addition, we were reminded not to rake the leaves in to the street. It was noted that yard waste pickup is year around.

Treasurer Kurt Kasnicka reminded us that the village hall will be closed on Thanksgiving and the Friday after. There will be a representative from the Illinois Treasurer's office here on Friday, November 18, for a Cash Dash program. This program is put people together with their unclaimed property and assets.

There being no further business, Trustee Zeedyk moved, duly seconded by Trustee Walik that the meeting be adjourned. Upon which the Board adopted the motion at 7:20 p.m.

Special Session**

County of Cook
Village of Stickney**

The Board of Trustees of the Village of Stickney met in Special Session on Monday, November 28, 2011, at 9:03 a.m. in the Stickney Village Hall, Conference Room, 6533 W. Pershing Road, Stickney, Cook County, Illinois

**Upon the roll call, the following Trustees were present:
Trustees Schimel, White and Zeedyk
Absent: Trustees Mares, Morelli and Walik**

Treasurer Kurt Kasnicka and Public Works Supervisor Joe Lopez were in attendance.

President O'Reilly explained that the main reason for this meeting was to discuss the water rate increases that Chicago will be passing on to us. This has been widely exposed in the media. He provided the increases that will be seen over the next four years. In 2012 will be 25%, after that it will be 15% each year.

Trustee Schimel gave a report on the history of other water rate increases. In 2008 the water rates were raised. Kurt Kasnicka provided the facts. In 2008 there was a 15% increase. In 2009 there was a 15% increase and in 2010 there was a 14% increase. This translated to a 45% increase. There wasn't an increase in 2011. Trustee Schimel explained that concurrent to this raise the new electronic meters were being installed. People were now getting accurate readings with this increase of the rates.

Trustee Schimel voiced his opinion on how Chicago does not require water meters. He personally felt that Chicago should demand that water meters be installed in the homes and businesses in Chicago and stop increasing the water rates of the suburbs that receive water from Chicago. He offered to go before the Chicago board and testify. He knows people in Chicago who pay nothing or as little as \$50 per year.

President O'Reilly clarified that the mayor's caucus did put together a task force to address it. This didn't seem to matter because the Chicago Board passed the increase unanimously. He felt it is fruitless.

Trustee White responded that he felt we had the best water rates around based on what some of his friends are paying in Suburban Cook County. He foresaw that this is just one part of the big picture. Chicago doesn't have any money. They are calculating on what they can do to raise more funds.

President O'Reilly explained that there was a lawsuit in the past where the suburbs sued the City of Chicago over the water rates and won. Stickney did see some refunds from this suit. For the suburbs, such as Stickney, that are connected to Chicago and we paid the same rates

they charge their residents. The increases are the same as they charge their residents. Our issue is we also take the same rate and we have to put our water department, maintenance, and all our expenses into that. We don't have a special sewer rate. Anything with a sewer problem is taken out of that water fund. We might be low but we are paying the same rate as their residents. Stickney has a direct connect water to Chicago. Some other communities act as a supplier to other communities and charge accordingly to run their water service. We do not do that.

President O'Reilly further explained that the City of Chicago, besides the same rate that we are paying them, once all their increases are done, their sewer rate will be equal to their water rate. As an example he said, "If you paid \$100 for water, you will be paying \$100 for sewer," and so on. We don't do that.

President O'Reilly elaborated on the fact that the residential usage is minor. Seventy-one percent of the water is used outside of the residential area of the village. There is such a small part that is being considered here.

Treasurer Kurt Kasnicka displayed a chart of the increases. He noted that he rounded down the numbers. The rate increases for the minimum residential usage will be \$6 in 2012, \$8 in 2013, \$6 in 2014, \$7 in 2014 and \$8 in 2015. This is an average increase of approximately \$4 per month. Kurt Kasnicka explained that our Village Engineers have done a survey in the past of the municipalities they service. They studied the different rates. Stickney has a water rate that covers everything. Some charge a sewer rate. Some have a surcharge added on. Some have an administrative fee. An added statement was made on the fact that foreclosed homes may have had their water turned off. They aren't charged a minimum charge. Very often vacant homes still have a bill for garbage and water because they wish to have the house normal for potential buyers.

Trustee Zeedyk felt little if anything can be done to fight this. President O'Reilly gave a long list of what Chicago is raising. President O'Reilly reminded us that we have the same water rate as what Chicago is charging. We are tacking fees on to run our operation. We are still fighting as an outside group.

Trustee White feels that we have to pay it either way. He would rather put our energy into something we could change.

Trustee Schimel addressed the fact that water meters need to be installed in Chicago.

A question was raised over the cost of the water and the cost of other expenses. Since 2009 we finished the electronic meters to eliminate an employee reading the meters. It was noted that some homes with a new meter were discovered to have had leaks. Every drop is sensed. We notify the people when such a leak is discovered. Our water usage has gone down in the residential area the last fiscal year in the monthly average. Residential is at 28% now, commercial is at 11%, industrial is 7%, and industrial special is at 53% (Koppers and Hawthorne Race Course). Last fiscal year residential was at 31%, commercial was at 10%, industrial was at 6% and industrial special was at 54%.

Since the new administration took office, the village has put in a new meter at one of our industrial businesses and eventually found that they had a major water main leak. His bill is now \$1600 per month from \$4000 per month. The next thing that happened to us was Laramie Avenue and Pershing. We discovered that there was an ongoing leak that was going on for three years. It appears in the winter but the source was never discovered. It actually was chlorinated water coming from Stickney. That repair was accomplished.

The last fiscal year we paid Chicago 24% more than what we are billing for used water. We are going install two new meters for the race course for more accuracy. Then we will address Koppers. We will be taking care of the big users and catch the leaks for them. We need accuracy.

The dedicated water fund balance is taking care of the mains that are breaking. It took care of the hydrant replacements. We still have two bad mains to repair in the future. Some discussion was held on various aspects of those repairs. We also have to face the need of a water tank.

Both of the schools in the Village have had new electronic meters installed.

A consensus was found that the Chicago water rate increase be passed on to the customers. President O'Reilly stated that on our end we will use our funds to buy new meters and get our industrial and commercial up to speed and get a true reading.

The meeting adjourned at 9:45 a.m.

Audrey McAdams, Clerk

Re: Auxiliary Officer Ordinance – Review and Follow-up

Dear Chief Kretch:

We have recently reviewed the auxiliary officer ordinance your department previously filed with our office and find that it fails to address at least one of the statutory or procedural requirements. Please modify the ordinance by addressing the following item(s) that have the "X" and return it our attention:

X A description of the limited duties such auxiliary officers will have, (which are set out in Public Act 94-984)

X A description of the qualifications one must possess to become an aux officer (Hiring Standards) Example: 21 years of age, education requirement, valid driver's license, no prior convictions, etc.

 A statement that these officers must be trained in accordance with ILETSB mandatory firearms requirements,

X Whether or not the aux officer must be a resident of the municipality, and,

 Whether or not the aux officer is intended to have Conservator of the Peace Powers.

 The name of the municipality

 The date the ordinance was approved

 A reference to the record vote approving the ordinance

 The signature of an administrator verifying the entry of the ordinance

Under the Municipal Code, an ordinance must be on file before auxiliary officers can be commissioned, entered on a department's roster, or authorized to participate in a mandatory firearms training programs. Without a proper auxiliary ordinance our records will reflect that the department is out of compliance.

Very truly yours,

John R. Keigher

It is that time of year already! It's time for the Girl Scouts of Greater Chicago and Northwest Indiana to reach out to the people and communities who make our council what it is today...not only to thank YOU for your past assistance, but to ask you once again for your support as we soar into our 2011-2012 Girl Scout year!

This is going to be a BIG year for us! We are celebrating our 100th anniversary as an organization and are very proud to be going into this milestone year with 85,000+ Girl Scouts between the ages of 5 and 17 along with 22,000+ adults!

As you probably are already aware, our Council has two Product Programs per year that we host:

- Our **Fall Product Program** (with order taking starting at the beginning of October 2011 with delivery before Thanksgiving) gives our girls the opportunity to earn start-up money for their troops (or work towards all the 100th activities that will be taking place!)
- Our **Cookie Sale** (with order taking in the month of January 2012, delivery of those pre-orders in February and cookie booths from February-May) strengthens the girls' 5 Skills for Daily Life which are:
 - ✓ Goal Setting
 - ✓ Decision Making
 - ✓ Money Management
 - ✓ People Skills
 - ✓ Business Ethics

During "Cookie Season" is when we need your support the most! One of the many ways our Girl Scouts sell Cookies is by going door-to-door" to homes, stores, churches, neighborhood gatherings and the like. If your community requires us to apply for a permit, please see the attached Cookie detail sheet. If that is sufficient information to process our request on behalf of our Girl Scouts, please simply check the box at the base of this letter and fax (219-795-1224) or scan (lmiller@girlscoutsgcnwi.org) it back to Linda Miller. Linda is our point person on this project.

If more information is needed before processing our permit request, please send the forms to Linda and we'll be sure to fill them out and get them back to you right away.

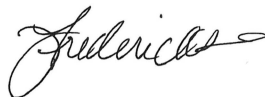

Please issue your permit to us in the form of a letter, not badges. With the number of girls participating, distribution of the badges is no longer possible. However, your permit or letter of approval (in a PDF format) can be e-mailed to each girl and troop efficiently from our office.

If you require a Certificate of Insurance, an updated Certificate of Insurance is automatically sent to you directly from our insurance agent on or about January 1 each year. If you need one and do not have it in your files, please let us know by checking below and we'll be sure to get that to you as well.

Section 1. Recitals. The facts and statements contained in the preambles to this Ordinance are found to be true and correct and are hereby adopted as part of this Ordinance.

Section 2. Adoption. Chapter 46, Article II. Section 46-39, "Auxiliary Police," of the Municipal Code of the Village of Stickney shall be amended by deleting the current language and replacing the same with the following:

Sec. 46-39. Auxiliary Police

The Village shall not have more than (24) auxiliary police officers. An auxiliary police officer will be employed on a part-time basis and shall not function on a full-time basis. An auxiliary police officer shall be considered an "at will" employee subject to removal at any time without notice or hearing. Nothing in this section shall be construed to provide the Village auxiliary police officers with a contract or property right.
- (C) Status in the Department; authority of the Chief of Police
- (1) An auxiliary police officer appointed pursuant to this section shall not be a member of the regular Police Department, shall not supplement regular members of the Police Department and shall not supervise or direct any member of the Police Department.

 - (4) No full-time sworn police officer of another municipality shall become an auxiliary police officer for the Village.
- (D) Residency requirement. An auxiliary police officer must be a citizen of the United States and shall reside within (20) miles of the Village prior to and all times during his or her appointment.
- (E) Uniforms and identification symbols. The uniform and identification symbols worn by an auxiliary police officer shall be different and distinct from those uniforms and symbols used by regular members of the Police Department of the Village, and shall be selected and chosen by the Chief of Police.
- (F) Firearms. An auxiliary police officer may carry a firearm with the permission of the Chief of Police upon successful completion of required firearms and certification as from time to time determined by the Illinois Law Enforcement Training and Standards Board and the Police Department of the Village. Firearms will be carried only by an auxiliary police officer when in uniform, in the performance of assigned duties.
- (G) Training. An Auxiliary police officer must be able to successfully complete and pass all requirements for an auxiliary police officer as administered by the Illinois Law Enforcement Training and Standards Board and as required by the Village. An auxiliary police officer may be required to attend additional training and Department firearms qualifications as deemed necessary by the Chief of Police or his designee.
